Arte Útil archive nr:
482

Initiator:
Grizedale Arts

Location:
United Kingdom

Category:
pedagogical, economy,
environment

Users:
Lawson Park staff and visitors.

Maintained by:
Lawson Park staff

Duration:
2009 - ongoing

Description:

Culture Shop is a collection of fermenting cultures for use in food produce.

Goals:

To use and disseminate yeast-based cultures for the production of healthy food.
To produce low-cost and low-impact food storage and exchange cultures.

Beneficial Outcomes:

The Culture Shop is a vehicle for discussion in other places – exhibitions, projects etc. – whilst producing for sale. It encourages the growth of knowledge through exchange.
