Arte Útil archive nr:
023

Initiator:
Domènec

Location:
Brazil

Category:
urban-development, economy,
social

Users:
The artists, homeless people

Maintained by:
Museu Nacional do Conjunto
Cultural da Republica, Brasilia,
Brazil

Duration:
2007

Description:

The project consists of two prototypes inspired by two buildings called 'superquadras' located in a residential area in Brasilia. The prototypes are conceived as individual shelters for the homeless, and they comprehend a blanket, a pillow and some shelves to store objects.

Goals:

It's a prototypes of individual shelters for the “moradores da rua” or homeless.

Beneficial Outcomes:

Homeless can have a temporary shelter.
